STEP BY STEP INSTRUCTIONS

- ♥ Print out your very special Valentine's Day card template. If you can, select the 'print on both sides' option so that it prints like a card. If not, don't worry, print both pages separately and then stick the outside pieces together.
- ♥ Cut out your card template, making sure that you're using your scissors carefully.
- ♥ Fold your card down the middle, with the butterfly facing inwards so that it is a surprise!
- ♥ Write your Valentine's message along the dotted lines. Remember, you might want to keep your name a secret!
- ♥ Pop your card in the post or give it to your Valentine, and wait for their inevitable declaration of **LOVE!**
